

# Lakemont Hills Newsletter

Produced by the Lakemont Homeowners Association  
Summer 2007

Now that lawns are green again, it's time to keep up with their growth with regular mowing. Limit lawn irrigation to weekly. Cars don't make good lawn ornaments, so don't park them there. Obey the posted speeds and signs. Keep ATVs off the street. Watch for children.

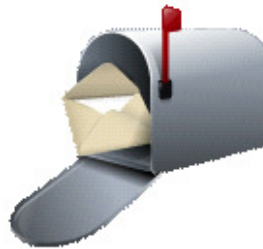

Who's your neighbor? Go over and introduce yourself. Break the ice by bringing a dessert.

Mow the lawn weekly during the rainy season.

If you fix up your house with new paint, roof or landscaping, don't forget to write or email the ARC.
